EXPERIENCE

Tryldol Technologies   *Nov 2025 – Dec 2025*
Software Engineer   *Bhopal*

- Building scalable HRMS modules using React.js, Next.js, and modern frontend architecture.
- Developing REST APIs and backend functionalities with Node.js, Express.js, and Sequelize ORM.
- Improving UI performance, component reusability, and overall application efficiency.
- Collaborating with backend, QA, and design teams to deliver optimized user experiences.

Affy Cloud   *Jan 2024 – Nov 2025*
Frontend Developer   *Bhopal*

- Developed and maintained full-stack applications using the MERN stack.
- Implemented responsive UI components and optimized API integration workflows.
- Built backend features including authentication, data validation, and REST APIs.

Coding Blocks – Full Stack Web Development Training   *July 2023 – Jan 2024*

- Completed intensive training in JavaScript, React.js, Node.js, Express.js, and MongoDB.
- Built multiple frontend and backend projects, strengthening hands-on development skills.
- Gained strong foundations in REST APIs, responsive design, and version control using Git.

Orphic Solution   *Dec 2022 – July 2023*
Web Designer   *Bhopal*

- Designed and developed responsive landing pages using HTML, CSS, JavaScript, and UI best practices.
- Built and maintained applications using React.js and JavaScript.
- Improved user experience by optimizing layouts, fixing UI issues, and ensuring mobile-first design.
- Converted client requirements into polished, functional, and visually appealing web interfaces.
- Delivered multiple freelance projects, gaining solid practical experience in frontend development.

SKILLS

Languages: TypeScript, JavaScript

Web Technologies: Next.js, React.js, Node.js, Express, MongoDB, REST API, Web Socket, Figma, React Query, Redux Toolkit, Framer Motion, Tailwind CSS, Shad CN.

Tools: Git, GitHub, VS Code, Postman

Platforms: Windows, Linux

PROJECTS

Project: ERP Solution (HRMS, PMS, AMS)
Role: Full Stack Developer
Team Size: 5 members

- Designed and developed a scalable ERP solution consisting of HRMS, PMS, and AMS modules using Node.js, Express.js, MySQL, and Sequelize ORM.
- Built interactive and responsive frontend interfaces using React.js, TailwindCSS, ShadCN UI, and reusable component-driven architecture.
- Implemented secure role-based authentication, user access control, and token-based session management across all ERP modules.
- Developed employee management, attendance tracking, leave workflows, project management, appraisal systems, and asset management features.

- Created optimized REST APIs, relational schemas, validation logic, and automated workflows for smooth data operations across the ERP system.

Project: Tutorio – Learning Management System
Role: Front-End Developer
Team Size: 4 members

- Developed the front-end using React.js and Bootstrap for school, teacher, and student roles.
- Implemented live video conferencing for teachers and students.
- Added course purchasing, video upload, and PDF upload modules.

Project: Laundry Management System
Role: Front-End Developer
Team Size: 2 members

- Developed a role-based system with multiple locations using React.js and TailwindCSS.
- Collaborated with backend developers for smooth data flow and integration.
- Conducted usability testing and optimized UI/UX based on feedback.
- Ensured cross-browser compatibility for consistent user experience.

Project: Ecommerce Website (Freelance)
Role: MERN Stack Developer
Team Size: 1

- Built RESTful APIs in Node.js/Express for secure and scalable communication.
- Implemented authentication and authorization using JWT and bcrypt for both admins and customers.
- Designed role-based admin dashboard (RBAC) handling product, order, and user management.
- Used MongoDB with Mongoose for efficient schema design and data modeling.
- Added cart wishlist features with persistent state using Redux Toolkit.
- Implemented Razorpay for secure payment processing.
- Designed responsive UI with TailwindCSS, Next.js, and Ascertinity UI.

CERTIFICATIONS

- MERN Stack Certification - (Coding Blocks Delhi)
- React.js Certification - (Naresh IT Hyderabad)
- React Native Certification - (Udemy Course)

EDUCATION

Oriental College of Technology, Bhopal, M.P. India | *Bachelor of Technology*   **2019**
- GPA: 6.0

Red Rose School, Bhopal | *Senior Secondary (11th, 12th)*   **2014**
- GPA: 6.0
